A spacious, character family home with four bedrooms, two bathrooms, study and multiple living zones set on nearly 600sqm of land in a quiet street with right of way access to the side and the rear, generous backyard and sparkling pool and spa, plus two garages accessed from the lane. Ideally located opposite Iona Primary and an easy stroll to the train station, shops, cafes and restaurants. Huge potential to renovate or a fantastic development opportunity to develop into two or three with possible triplex zoning.
