Buyers in the \$500k's

Want something spectacular acreage in a location that's fabulous? If you're looking for a beautiful block of land, where you have space to breathe and escape the world...well, this will knock your socks off. Please watch the video - I'll take you on a personal tour. The chance of finding 4.5 acres of land in Kuranda is EXTREMELY RARE, let alone finding a property in one of the most highly sought after areas of Kuranda ie Fairyland Road. "Fairyland Palms" was the name of an original palm nurseries in the 1980's, so usability of the land was paramount. Water from the massive dam was perfect for irrigation; and you'll still find exotic palms hidden throughout the rainforest. The 3 bay shed has mains power, Bore water and an outside composting loo and shower - would be a perfect studio or art space or work from home business once you've built your dream home. Location is stunning - the sheer beauty of Fairyland Road and of course the history that surrounds 'Fairyland'. If you have children they can WALK to Kuranda State High School or the Public Swimming Pool Aquatic Centre or a short drive to the Barron River, Steiner School, Pony Club and of course Kuranda Village. This is a RARE once in a lifetime opportunity - you won't find a more unique package.
